

KING COUNTY, WASHINGTON

ORDINANCE NO. 00401

AN ORDINANCE of the County Council of King County, Washington, providing for the submission to the qualified electors of the county at a special election to be held therein on May 19, 1970, of a proposition authorizing the county to issue its general obligation bonds in the principal amount of not to exceed \$55,300,000 for the purpose of providing funds to pay part or all of the cost of acquisition, development and improvement of a system of multi-purpose community recreation and service centers in the county.

WHEREAS, existing public community recreation, cultural and service facilities within King County are not adequate to meet the present needs of its residents, and the additional services and facilities required to meet such needs can be provided most conveniently and economically by the development of a county-wide system of multi-purpose recreation and service centers; and

WHEREAS, certain public recreation, cultural and service needs require specialized facilities of large scale, capacity and cost which can be best provided at a single central location within the county and certain other recreation, cultural and service needs can most effectively be met by decentralized facilities located within a number of smaller service areas; and

WHEREAS, enlargement and improvement of the existing major cultural and recreation community center located in the City of Seattle known as Seattle Center, and the acquisition, construction or improvement of a number of smaller centers located both within and without the incorporated cities of the county will provide a balanced county-wide system of facilities and services at the lowest cost and at locations which are the most

convenient and useful to the residents of the county; and

WHEREAS, the County Council has prepared a general plan of financing and procedure for the acquisition, development and improvement, in conjunction with other governmental agencies over a period of approximately eleven years, of such a county-wide system of multi-purpose community centers, each of which will provide on one site or immediately adjacent sites the facilities for such combination of public recreation or cultural activities or public services as may best be provided at such locations; and

WHEREAS, to provide funds for such purpose it is necessary and advisable that the county issue its general obligation bonds in the principal amount of not to exceed \$55,300,000; and

WHEREAS, the constitution and laws of the State of Washington require that the question whether or not the county may issue such bonds for such purpose be submitted to the qualified electors of the county for their ratification or rejection;

NOW, THEREFORE, BE IT ORDAINED by the County Council of King County, Washington as follows:

Section 1. This Council hereby finds and declares that it is necessary for the public welfare and benefit of the residents of the County that it carry out the Plan hereinafter set forth in the manner provided by law and this ordinance upon the authorization by the electors of the County of the issuance of the Bonds.

Section 2. As used in this ordinance the words hereinafter defined shall have the meanings set forth in this section:

(a) The word "County" shall mean King County, Washington.

(b) The words "City" and "Cities" shall mean,

00401

respectively, any and all cities and towns within the County.

(c) The words "Governmental Agency" or "Agency" shall mean the State of Washington or any agency, subdivision, taxing district, or municipal corporation thereof, including any county, city or town.

(d) The word "Council" shall mean the County Council of King County.

(e) The words "Legislative Authority" shall mean the mayor and council of any City, the county executive and council of the County or the equivalent governing body of any other Governmental Agency.

(f) The word "Bond" or "Bonds" shall mean any or all of the general obligation bonds of the County issued pursuant to this ordinance or any series of such Bonds.

(g) The words "Community Center Facilities" shall mean any land, interest in land, equipment of all kinds, buildings, structures and other improvements developed as an integrated, multi-purpose, public facility on a single site or immediately adjacent sites for the housing and furnishing of any combination of the community or public services or facilities authorized by the laws of the State of Washington, including but not limited to Chapter 110, Laws of 1967, as now or hereafter amended, and shall include all appurtenant utilities, parking and landscaping necessary in connection therewith.

(h) The word "Plan" shall mean the general plan of financing and procedure for the acquisition, development and improvement of a county-wide system of multi-purpose Community Center Facilities within the County as set forth in this ordinance.

(i) The words "Community Center District" shall mean each area named and generally outlined on Exhibit B attached hereto and by this reference made a part hereof.

(j) The word "Project" shall mean the particular Community Center Facilities to be developed pursuant to this ordinance for Seattle Center or for each particular Community Center District.

Section 3. Subject to the provisions of this ordinance, the Plan of financing and procedure for the acquisition, construction development, enlargement, or improvement of the Community Center Facilities generally described in this Section is hereby adopted and shall be carried out by the Governmental Agency respectively designated for each Project or group of Projects and with the Bond proceeds respectively allocated in this section.

A. New and Existing Decentralized Community Center Facilities

(1) New or improved Community Center Facilities shall be developed within the Auburn, Bellevue, Black Diamond-Tahoma, Bothell-Woodinville, Duwamish Valley, Enumclaw, Federal Way, Highline, Issaquah, Kent, Kirkland, Mercer Island, North Bend-Snoqualmie, Redmond, Renton, Shoreline and Vashon Community Center Districts designated on Exhibit B.	\$20,600,000 (King County)
--	-------------------------------

(2) New or improved Community Center Facilities shall be developed within the North Seattle, Northwest Seattle, Northeast Seattle, Northcentral Seattle, Westcentral Seattle, Eastcentral Seattle, Southeast Seattle and Southwest Seattle Community Center Districts designated on Exhibit B.	\$13,000,000 (City of Seattle)
--	-----------------------------------

Existing Major Community Center Facilities

\$21,700,000
(City of Seattle)

Acquisition of land adjacent to the existing Seattle Center and preliminary development of such land to provide improved access and landscaped parking; acquisition of Nile Temple property; construction of South Wing addition to Mercer Street Complex for rehearsal use, equipment storage, shops and utilities; improvement of Food Circus Building, children's recreation area, Opera House, Coliseum, special events structures, and craft complex; improvement of the general grounds by illumination, covered pedestrian walkways, sign and landscape modifications, and all work necessary and appurtenant to the foregoing.

(00101) VOL 02 PAGE 1/00

The Seattle Center facilities are intended to serve the requirements of the residents of the County for a single facility of large scale. The Community Center Facilities in Community Center Districts are intended primarily to serve the requirements of the residents thereof for decentralized Community Center Facilities but the use of such facilities shall not be restricted to the area or residents of such Community Center District. The facilities to be developed or work to be performed pursuant to this ordinance shall not be limited to a single community center in each Community Center District nor to the facilities or work listed in the general description.

The total dollar amount provided for Community Center Districts described in subparagraph A (1) above shall be allocated as between such districts as follows:

(a) The sum of \$3,800,000 shall be allocated for community center library facilities as provided below.

(b) Ninety percent of the remainder of the total amount shall be allocated per capita on the basis of the estimated population of each Community Center District as of July 1, 1977. Such estimate shall be made by the Puget Sound Governmental Conference promptly following completion and publication of the 1970 decennial census.

(c) Ten percent of such remainder shall be allocated by the Legislative Authority of the County upon the recommendation of the County Environmental Development Commission, or its successor, to those Projects for which the best or most innovative workable plans shall have been developed as provided in this ordinance or for which the greatest need shall have been demonstrated.

The total dollar amount provided for Community Center Districts described in subparagraph A (2) above shall be allocated as between such districts as follows:

(a) The sum of \$1,800,000 shall be allocated for community center library facilities as provided below.

(b) Fifty percent of the remainder of the total amount shall be allocated per capita on the basis of the estimated population of each service area as of July 1, 1977. Such estimate shall be made by the Puget Sound Governmental Conference promptly following completion and publication of the 1970 decennial census.

(c) Fifty percent of such remainder shall be allocated by the Legislative Authority of the City of Seattle to those Projects for which the best or most innovative workable plans shall have been developed or for which the greatest need has been demonstrated.

The \$1,800,000 allocated for community center library facilities to be accomplished by the City of Seattle shall be applied to the construction and equipping of a new branch library in the North Community Center District, a new branch library in the Southeast Community Center District, new or improved community center library stations to serve areas of low-income and special need and reading rooms in community centers which do not otherwise include branch or station library facilities.

Out of the \$3,800,000 allocated for community center library facilities to be accomplished by the County the sum of \$2,800,000 shall be applied to the construction and equipping of two new community center branch libraries in Community Center Districts outside of the City of Seattle to be designated by the Legislative Authority of the County. The sum of \$1,000,000 shall be applied to the construction, equipping or improvement of reading rooms or library stations in Community Center Districts which include portions of a city or cities other than the City of Seattle and the location of such library facilities

shall also be determined by the Legislative Authority of the County.

The special amounts allocated for Community Center library facilities shall be in addition to the basic amounts allocated to any Community Center District Projects pursuant to subparagraphs (b) and (c) of the formulae provided in this section.

Section 4. The Community Center Facilities described in Section 3 above shall be acquired, constructed, developed or improved in stages over a period of approximately eleven years or sooner if the debt capacity of the County permits the sale of the Bonds and the allocation of the Bond proceeds sooner than scheduled in Section 12. The acquisition, construction, development and improvement of each Project shall, to the extent and in the manner permitted by law and this ordinance, be accomplished by the Governmental Agency designated in brackets after each such Project in said Section 3. General obligation bonds of the County shall be issued in series over the development period to carry out the Plan, and the proceeds of each series of Bonds shall be allocated in accordance with the schedule set forth in Section 12 of this ordinance.

Section 5. The Legislative Authority of the Governmental Agency to which any portion of the proceeds of such Bonds shall have been duly and lawfully allocated shall determine the time and order of acquisition or development of the lands and facilities for the authorized Projects in the manner and within the limitations set forth herein.

Prior to the construction of a Community Center District Project the Legislative Authority of such Agency shall cause a Community Center Advisory Committee (herein called the "Advisory Committee") to be established which shall be representative of the people in the Community Center District to be served by

such Project, may include representatives of other affected Governmental Agencies and where the construction or equipping of library facilities is contemplated shall include a representative of the affected library system or systems. The Advisory Committee shall prepare a recommended workable plan for the acquisition, development, operation and administration of the Project. This workable plan shall include specific recommendations as to the location, nature and scope of Project facilities, a feasible method of financing both capital costs and operating costs and a program for the administration of completed facilities which is acceptable to the Agency or Agencies recommended for such responsibility and which may include the continuing participation of the Committee in an advisory capacity.

For those Community Center District Projects to be accomplished by the County, the County Environmental Development Commission, or its successor, shall recommend to the Legislative Authority of the County, and the Legislative Authority after consideration of such recommendation shall determine, the method of selection and the term of office of the members of each Community Center Advisory Committee. The Commission or a designated committee thereof shall review and approve each workable plan and shall recommend to the Legislative Authority the order of priority as between Projects for the expenditure of Bond proceeds after reviewing recommendations timely submitted from the Advisory Committees and appropriate County departments.

For those Community Center District Projects to be accomplished by the City of Seattle, the Mayor of the city shall appoint the members of each Community Center Advisory Committee who shall be confirmed by the council of the city for such terms as the council may fix. The Legislative Authority of the City of

Seattle shall determine the order of priority as between Projects for the expenditure of bond proceeds after reviewing recommendations timely submitted from the Advisory Committees and appropriate city departments.

Prior to the expenditure of any Bond proceeds for the Seattle Center Project a Citizens Advisory Committee shall be established by the Legislative Authority of the City of Seattle. The Legislative Authority of the City of Seattle shall fix the number and terms of office of such committee but the members thereof shall be appointed equally by the Chief Executive Officer of the County and the Chief Executive Officer of the City of Seattle and shall be confirmed by the respective councils. The Seattle Center Advisory Committee shall review all plans for the expenditure of Bond proceeds for such Project. Bond proceeds may be expended for such Project by the City of Seattle to carry out the recommendations of such committee which are consistent with the provisions of this ordinance. Any expenditure of Bond proceeds consistent with the provisions of this ordinance but different from the recommendation of the Seattle Center Advisory Committee may be made by the Legislative Authority of the city only with the approval of the Legislative Authority of the County.

Section 6. The City of Seattle shall be authorized to accomplish any Project or Projects with the proceeds of the Bonds only if the Legislative Authority of the City of Seattle shall have first entered into an agreement with the County, substantially in the form of Exhibit A attached hereto and by this reference made a part hereof, providing that such proceeds shall be held in trust and faithfully applied to carry out the purposes authorized by and pursuant to this ordinance, and that such Project or Projects shall be operated and maintained by such Agency or, in whole or in part, by some other Agency

lawfully authorized to perform such operation and maintenance and duly committed to do so.

In the event that the City of Seattle shall fail to enter into such an agreement, within such reasonable time as the Legislative Authority of the County may determine, after reasonable notice that Bond proceeds have become available for the city, the Legislative Authority of the County with the approval of the city, may carry out such Project or Projects, or the Legislative Authority of the County may apply such proceeds to other Community Center Facility capital purposes.

The County shall accomplish the acquisition, construction, development, improvement, operation and maintenance of Projects for which responsibility has been specifically assigned to the County in Section 3 of this ordinance, whether the lands to be acquired or developed are now or shall hereafter be incorporated in whole or in part within any City, unless an appropriate agreement shall have been entered into between the Legislative Authority of the County and any other Agency or Agencies providing that such Agency or Agencies shall carry out part or all of such responsibilities.

Section 7. It is a part of this Plan that the Legislative Authority of any Agency duly and lawfully authorized to acquire or develop Community Center Facilities with the proceeds of Bonds shall, consistent with the purposes and provisions of this ordinance and consistent with the provisions of a duly approved workable plan for any Community Center District Project, determine the exact location and extent of lands and interests in land to be acquired and approve the plans and specifications for construction of structures or other developmental work or improvements to be performed.

In determining the location of Community Center District Projects the appropriate Legislative Authority and Advisory

Committee shall consider the land use and public facility plans affecting the Community Center District, the availability of parks, playgrounds, library facilities or other compatible community service facilities adjacent to such location and the accessibility of such location for the people to be served thereby.

Costs of engineering, architectural, planning, financial, legal and other services lawfully incurred incident to the acquisition and development of any Community Center Facilities by any Agency duly and lawfully authorized to acquire or develop such facilities shall be appropriate capital costs to be paid from the proceeds of the Bonds.

Section 8. Supplemental or matching funds from federal, state or local public sources or private sources may become available to pay a portion of the cost of one or more Projects or to supplement or enlarge such Projects. It is a part of this Plan that whenever the Agency duly and lawfully authorized to accomplish a Project shall obtain matching or supplemental funds for such Project, the amount of Bond proceeds estimated to be applied to the cost of such Project may, to the extent of such matching or supplemental funds, be applied by the Legislative Authority of such Agency to the further development of such Project or to the accomplishment of other Projects which such Agency may be then authorized to accomplish.

If all Projects which any Agency shall have been authorized to accomplish have either been completed, or their completion has been duly provided for or found by the Legislative Authority of such Agency to be impractical or, in the case of any Community Center District Project if no workable plan shall have been duly prepared and approved by December 31, 1980, such Bond proceeds may be applied by such Agency to carry out

such other Community Center Facility capital purposes as may be determined by the Legislative Authority of such Agency to be most necessary and appropriate and found by the Legislative Authority of the County to be consistent with the purposes of this ordinance and to be a County purpose.

Section 9. The County has established and appointed a County Design Commission of at least seven persons, including members of the architectural, engineering, urban planning and landscape architectural professions, and such other persons as the Legislative Authority may select. As a part of its duties, the County Design Commission shall, subject to outstanding contractual commitments and within such limits as may be required by law and deemed appropriate by the Legislative Authority of the County, recommend the selection of the members of any design team to be employed for the planning and design of any Project to be accomplished by the County and shall review the plans and specifications for such Projects. Any Agency other than the County duly authorized to accomplish any Project shall, prior to expenditure of Bond proceeds allocated therefor, establish a similar design commission to perform such functions or enter into an agreement with the County to utilize the services of the County Design Commission for such purpose.

In the development of each Community Center Facility to be financed in whole or in part from the proceeds of the Bonds, the appropriate Agency shall provide and maintain a reasonable buffer between any athletic or other active use area or parking area and any abutting private residential properties.

Section 10. The Council hereby finds and declares that the Community Center Facilities acquired or developed

pursuant to this ordinance whether located partly or wholly within or without the cities of the County will constitute a County-wide system of Community Centers which will reduce costs of acquisition, construction, maintenance and operation for the public services and facilities provided by such centers, avoid duplication of facilities and personnel, improve governmental communication and coordination, and make local public services and facilities more convenient and useful to the residents of the County. The Council further finds and declares that the proposition hereinafter set forth and the Plan have for their purpose the creation of such County-wide system of multi-purpose community centers and constitute a single purpose. The Council further finds and declares that the use of County funds to pay in whole or in part the cost of acquisition, construction, development or improvement of the Community Center Facilities set forth in the Plan including any costs necessarily incidental thereto, or to participate with the United States or any agency thereof or any Governmental Agency for such purposes pursuant to this ordinance will promote the health, welfare, benefit and safety of the people of King County and is a strictly County purpose.

Section 11. For the purpose of providing part or all of the funds necessary to pay the cost of carrying out the Plan pursuant to this ordinance, general obligation bonds of King County in the principal amount of not to exceed \$55,300,000 shall be issued. The bonds shall bear interest at a rate not to exceed the maximum rate permitted by law at the time of their sale, shall be issued in series from time to time out of such authorization over the contemplated acquisition and development period of approximately eleven years, and shall mature serially in from two to thirty years from date of issue of each series as authorized by the Council and provided by law. Both principal

of and interest on the Bonds shall be payable out of annual tax levies to be made upon all of the taxable property within the County in excess of constitutional or statutory limitations thereon. The exact date, form, terms, options of redemption and maturities of each series of the Bonds shall be as hereafter fixed by the Council.

Section 12. It is contemplated that the Bonds shall be issued in series each year during the development period and that the principal amount contemplated to be issued each year pursuant to this ordinance may from time to time be combined with other authorized general obligation bonds of the County and issued and sold as single issues of County bonds. Prior to December 31 of each year Bonds shall be issued in the principal amounts set forth in the following schedule, provided, however, that at no time shall Bonds be issued in excess of any statutory or constitutional limitations upon indebtedness and the total principal amount of Bonds shall not exceed \$55,300,000:

Year	Principal Amount	Proceeds Allocated to County	Proceeds Allocated to City of Seattle	
			A	B
1970	\$5,000,000	-0-	-0-	\$5,000,000
1971	8,000,000	\$3,000,000	\$2,000,000	3,000,000
1972	10,000,000	4,000,000	3,000,000	3,000,000
1973	6,000,000	3,000,000	2,000,000	1,000,000
1974	6,000,000	3,000,000	2,000,000	1,000,000
1975	5,000,000	1,000,000	1,000,000	3,000,000
1976	5,000,000	1,000,000	500,000	3,500,000
1977	4,000,000	2,000,000	1,000,000	1,000,000
1978	3,200,000	1,500,000	500,000	1,200,000
1979	1,600,000	1,100,000	500,000	-0-
1980	1,500,000	1,000,000	500,000	-0-

Column A above represents proceeds allocated to the Community Center District Projects to be accomplished by the City of Seattle and column B above represents proceeds allocated to the Seattle Center Project.

The foregoing schedule contemplates the issuance and sale of all County bonds approved by the electorate at the special election called for February 13, 1968, in accordance with similar schedules set forth in the respective authorizing resolutions

and also contemplates the authorization of all County bonds submitted to the electorate at the special election hereinafter called for May 19, 1970, and their issuance in accordance with similar schedules set forth in the respective authorizing ordinances. Within applicable constitutional and statutory limits, the Council may issue the Bonds at a time or times earlier than those provided in the above schedule if the Council shall first find that such issuance will not impair the legal capacity of the County to issue any then unissued general obligation bonds of the County authorized at the February 13, 1968, election or such County bonds as may be approved at the May 19, 1970, election in accordance with their respective schedules of issuance.

If for any reason the County shall be unable to issue part or all of any series of Bonds within the calendar year when such issuance is scheduled, the County shall issue the remaining Bonds of such series as soon thereafter as may be possible. If less than all of any series shall be issued, the proceeds of the Bonds issued shall be allocated in the same proportion as provided for the allocation of the entire series.

The portion of the proceeds of each series of Bonds allocated to the City of Seattle shall be delivered to the City in the ordinary course of business following the receipt of such proceeds except for any portion which may be required for the temporary advance provided in Section 13.

Section 13. The proceeds of sale of the Bonds shall be deposited in a Community Center Development Fund to be hereafter created in the office of the Treasurer of King County except that any accrued interest on the Bonds received at the time of their delivery shall be paid into a fund to be hereafter created for the redemption of the Bonds. Moneys in such Community Center Development Fund shall at all times prior to their ex-

penditure be deposited in such institutions or invested in such obligations as may be lawful for the investment of County moneys and may be temporarily advanced to such fund as may be created for the redemption of the Bonds to pay Bond interest pending receipt of taxes levied therefor.

The proceeds of sale of the Bonds and any interest received by any Governmental Agency from the deposit or investment of such proceeds shall be applied and used solely for the acquisition and developmentt of public Community Center Facilities, and none of such proceeds shall be used for other than a capital purpose.

Section 14. The life of the improvements to be acquired and constructed by the use of the Bonds to be issued therefor is hereby estimated and declared to be, as nearly as practicable, not less than thirty years.

Section 15. It is hereby found and declared that an emergency exists requiring the submission to the qualified electors of the County at a special election to be held therein on the 19th day of May, 1970, of a proposition authorizing the issuance of general obligation bonds of the County for the purposes provided in this ordinance.

The Director of Records and Elections of King County is hereby requested to also find the existence of such emergency and to assume jurisdiction of and to call and conduct such special election to be held within the County on said date and to submit to the qualified electors of the County at such special election the proposition hereinafter set forth.

The Clerk of the Council is hereby authorized and directed to deliver a certified copy of this ordinance to the Director of Records and Elections and the action of the Council and the Clerk in heretofor certifying the following proposition to the Director is hereby ratified and approved:

KING COUNTY, WASHINGTON

PROPOSITION NO. ___

COMMUNITY CENTER BONDS

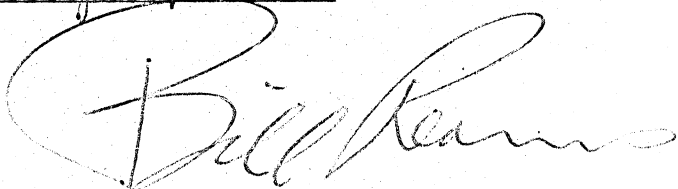

Shall King County, for the purpose of acquiring, constructing, developing and improving a system of multi-purpose community recreation and service centers, including additions and improvements to "Seattle Center" and acquisition and development of new centers in 25 community center districts throughout the County, issue its general obligation bonds in the total principal amount of not to exceed \$55,300,000, to be issued in series over a period of approximately eleven years and only when and as the incurring of such indebtedness shall not exceed any applicable constitutional or statutory limitations upon indebtedness, to bear interest at a rate not to exceed the maximum rate permitted by law at the time of their sale, to mature serially in from two to thirty years from date of issue of each series, to be paid both principal and interest out of annual tax levies to be made upon all the taxable property within the County in excess of any constitutional or statutory limitations thereon, all as more specifically provided in King County Ordinance No. ___?

AGREEMENT

In consideration of the mutual covenants herein, King County (hereinafter called the "County") and the City of _____ (hereinafter called the "City") agree as follows:

1. The County shall deliver to the City in the ordinary course of business after receipt of the proceeds of each series of general obligation bonds of the County contemplated to be issued pursuant to Ordinance No. ____ of the County, the full amount of cash allocated to the City out of such proceeds by said ordinance.

2. The City shall hold that money in trust and shall faithfully apply same to the purposes authorized in Ordinance No. ____ in the manner and subject to the conditions provided in that ordinance; shall operate and maintain all facilities acquired, constructed, developed or improved with that money; shall defend and save the County harmless from any claim of damage resulting from the acquisition, construction, development, improvement, operation, maintenance, repair, replacement or public use of such facilities; and shall perform or comply with all conditions of Ordinance No. ____ contemplated by that ordinance to be performed or complied with by agencies to which the proceeds of bonds issued pursuant to that ordinance have been allocated and delivered.
